

# **THE BEAUTY OF SWITZERLAND**

**By Colin Grange**

# WHY I CHOSE SWITZERLAND

My name is Colin Grange the reason I chose Switzerland is because I have always loved the alps and the beauty they preserve. I love the products/companies that derive from there and wanted to learn more about the country.

# IMAGE CORRECTION

For this assignment I found an image from a town in Switzerland, finding damaged photos was a challenge. I used various tools in photoshop to remove, heal, and replace parts of the image and finally re-colored the image to what I thought it could look like.

# IMAGE COLORIZATION

For this assignment I found a stamp used in Switzerland. Using multiple different painting, selecting and blending modes I re-colored the image

# RASTER DRAWING

For this project I chose a church located on a mountain in Switzerland and used drawing, selections, gradients and shapes in photoshop to rasterize and re-create the church

# TEXT MASKING

For this assignment I chose a font that would represent my country, and used masking techniques to fill the letters with different relating images. A filter was placed on the background image. I also used bevel and emboss filters to help the letters stand out.

## About Geneva

The City of Geneva

Geneva, a vibrant city located at the meeting point of Switzerland, France, and Italy, offers a rich array of activities for visitors. Known for its stunning lakeside setting on the shores of Lake Geneva, the city features beautiful promenades and parks perfect for leisurely strolls. The iconic Jet d'Eau, a large water fountain, is a must-see landmark. Additionally, the historic Old Town, with its narrow cobbled streets and the majestic St. Pierre Cathedral, invites exploration. Art enthusiasts can visit the Museum of Art and History or the modern art spaces in the Pâquis district, while those seeking outdoor adventure can enjoy hiking in the nearby Alps or sailing on the lake.

Geneva's history is deeply intertwined with significant global events. Founded by the Romans, it has evolved over the centuries into a hub for diplomacy and international cooperation. In the 16th century, it became a center for the Protestant Reformation under John Calvin. The city's strategic location made it a focal point during the Enlightenment and the Industrial Revolution, fostering a culture of innovation and intellectual exchange. The establishment of the League of Nations in the aftermath of World War I further solidified Geneva's reputation as a global diplomatic center, leading to the formation of the United Nations Office at Geneva in 1946.

The importance of Geneva extends beyond its picturesque landscapes and historical legacy; it plays a crucial role in international relations and humanitarian efforts. Hosting numerous international organizations, including the World Health Organization and the International Red Cross, the city is often referred to as the "Capital of Peace." Geneva's commitment to diplomacy, human rights, and global cooperation makes it a vital player on the world stage, facilitating dialogue on pressing global issues. Its rich multicultural environment, bolstered by a diverse population, enhances its role as a melting pot of ideas and solutions for a better future.

## Geneva after dark

Night life in Geneva

Geneva's nightlife is as diverse as its culture, offering a variety of experiences that cater to different tastes. The city comes alive after sunset, with bustling bars and clubs that showcase both local and international talent. The Pâquis district, known for its vibrant atmosphere, features a mix of trendy lounges and lively dance clubs, where DJs spin everything from electronic beats to classic tunes. For a more relaxed evening, visitors can explore the numerous wine bars and cocktail lounges scattered throughout the city, many of which boast stunning views of Lake Geneva or the iconic Jet d'Eau.

Food in Geneva is a delightful reflection of its multicultural heritage, with an array of dining options that range from traditional Swiss cuisine to international fare. Local specialties such as raclette and fondue can be enjoyed in cozy bistros, where the warm ambiance invites diners to savor every bite. Additionally, the city's culinary scene is thriving, with Michelin-starred restaurants and innovative eateries showcasing the finest in modern gastronomy. Street food markets and seasonal food festivals also provide a taste of local flavors, allowing visitors to sample everything from artisan chocolates to freshly baked pastries.

Beyond dining and nightlife, Geneva offers a variety of entertainment options to keep visitors engaged. The city hosts numerous cultural events throughout the year, including concerts, theater performances, and art exhibitions. The Grand Théâtre de Genève is a must-visit for lovers of the performing arts, featuring opera, ballet, and contemporary dance productions. Meanwhile, the annual Geneva International Motor Show attracts car enthusiasts from around the globe, showcasing the latest innovations in the automotive industry. With its vibrant nightlife, rich culinary landscape, and diverse entertainment offerings, Geneva promises an unforgettable experience for all who visit.

[geneva facts](#)

Using the techniques I learned on html from class I used Dreamweaver to create a working site displaying the facts about Geneva Switzerland.

# INDESIGN FLYER

For this assignment I chose a topic related to Switzerland being their unofficial national animal is a cow I created an article explaining that. Using Adobe InDesign, I laid out the text and images in a two-column format with a background image with lowered opacity. I used bevel and emboss techniques to help the main photo stick out and lines to add as guides and white space filler.

# ILLUSTRATOR LOGO

For this assignment I used illustrator to create a fictitious restaurant for a national food in Switzerland. Being the native cow is called a "highland cow" I named the fondue restaurant after it.

# ILLUSTRATOR RECIPE

Fondue is a classic choice for a Swiss snack, in this recipe In this project I used illustrator to re-create each ingredient used in a typical fondue and directions to guide. I also chose a font that represents the recipe well
